

Presidency Conference on Open Science

April 4-5, 2016, Amsterdam

Jan van den Biesen

**Vice President Public R&D Programs, Philips Research
representing BUSINESSEUROPE**

1. Open Access to Scientific Publications

BUSINESSEUROPE is in support, provided that

- a sustainable model is ensured
- all relevant stakeholders are involved in the transition
- governments fund the extra costs

2. Optimal Re-use of Research Data

BUSINESSEUROPE is in support, provided that

- public-private collaboration is not hampered
- protection of intellectual property, confidential information, privacy and security is ensured
- access is given on voluntary and case-by-case basis
- opting out remains possible
- legitimate interests of private partners are respected
